HAMLIN, JONES COUNTY, TEXAS, FRIDAY, MARCH 26, 1943

NUMBER 21

## Everybody Is Proud of Various Reports From Red Cross Drives

COUNTY TOTAL NOW \$10,013.26

Thirty-three towns and communities out of forty in Jones county have reported Red Cross contributions totalling \$10,013.26 to Robert Cross, district clerk, Anson, who is 1943 War Fund chairman.

Each of three districts has exceeded objectives. Nineteen communities in Anson district have reported \$3,869.91 with assessment goal of \$3,295.00. Three communities are yet to report: Hodges, Willow Creek, and Funston.

Ten communities in Stamford district with assessments of \$3,635, have reported funds totalling \$3,862.54 for the Red Cross drive and reports are yet to come from Ericksdahl, Pleasant Valley, New Hope, and Lueders.

Hamlin district goal was \$1,915, from seven communities, and \$2,280.81 has been reported already.

Anson topped its \$1,590.00 goal with \$2,111.58; Stamford has topped its \$2,500 goal with \$3,153.15 thus far, and Hamlin tops its \$1,590 goal with \$1,732.56. These towns are expected to have more to report next week. Drives in most rural communities are final with a few exceptions.

Mr. Cross has this statement to make as the campaign is concluding: "As we approach the close of the 1943 Red Cross War Fund drive for Jones County, I would like to express my sincere thanks personally, and also appreciation of Harold Bonner, Hamlin, chapter chairman, and that of the entire staff of Red Cross organization of the county, to the public for the splendid response to this campaign."

"We have already exceeded the assigned quota for the county more than \$2,000 and several communities have not yet reported. I extend special thanks and appreciation to the chairmen of the towns and communities for your perfect co-operation and for your time and energy expended in behalf of the War Fund drive, to you we give credit for success of the campaign. I also wish to express my gratitude to the press of the county and to all Red Cross volunteers who have helped in any capacity to make the drive a success."

## Call It Two Inches Of Beautiful Rain

This is Thursday morning and there's just enough space left to merely tell "the boys" one of the most beautiful rains ever to fall in West Texas started Wednesday morning and up till Thursday a total of 1.88 inches fell. Slowly, soaking, plenty for a season, on top of thousands of acres ready to plant. Yes, boys, it looks like a good crop year in old Hamlin country.

**APOLOGIES:** This week space has been scarce, unless we made a losing sacrifice for more pages without income. Some important items have been left over, some forever dead, while some might be used next week.

Corporal Alvie Mullins came down from the Frederick, Okla., air field Monday and visited with his wife and two daughters till Wednesday. He is in the ground force.

L. B. Pribble spent the past week end in Hobbs with his wife.

A. H. Milsap came in Wednesday from Lubbock where he had spent several weeks as a Santa Fe Trainman.

### THANK YOU FOR BILLFOLD

I want to thank the person who returned by mail my billfold and papers that were advertised last week. I really thank you.

WILLARD MABERRY (21P)

The pastor will begin a series of sermons next Sunday morning dealing with "The Sermon on the Mount". Sunday morning's subject is to be a discussion of the nature of "The Sermon on the Mount" while Sunday night's message will be "The First Beatitude." These messages are to continue through Palm Sunday. These are to be enlightening and inspiring messages on this very important subject. You will regret it if you miss any of these sermons.

Get the church-going habit, and the character growing habit will get you. Go to church Sunday. We welcome visitors.

Dr. and Mrs. Q. D. Gould of Stamford visited Sunday evening in the home of their son and family, Dr. G. Don Gould.

## Victory Concert At High School Tuesday March 30, 8:15 P. M.

The Grammar school pupils, assisted by pupils of Miss Edwina Gilbert and Mrs. Heflin Miller, will render a program at the High school auditorium next Tuesday at 8:15 P. M.

Admission will be the purchase of as many War Savings Stamps or Bonds as you wish to buy. These will be on sale at the door. Come. Do your part. The boys and girls in the armed forces are doing their best. Anson raised \$6,000.00. Can we raise more?

### PLASTERCO FAR TOPS ITS RED CROSS QUOTA

Mrs. John O. Lewis, chairman for the Red Cross fund at Plasterco, reports a total of \$200 raised. Their quota was \$150.00. Thus another fine community rally to the call of humanity in time of need. \$200.00 is a good contribution for Plasterco but if the need should come again they might even double it.

## Notice Of An Election

## Army Chaplain To Be Guest Speaker At The First Baptist Church

Chaplain David H. Barnhill of Camp Barkeley

In the absence of the pastor, Rev. Henard East, who is in a meeting at Hobbs, New Mexico, this Sunday the Baptist services will be in charge of Chaplain David H. Barnhill of Camp Barkeley.

This will be the first time for a chaplain of the army to fill a pulpit in Hamlin, however, one was here as a speaker at the Lions Club.

Chaplain Barnhill is from Clayton New Mexico, where he was formerly pastor of a very large church which was noted for several outstanding departments. Rev. East has asked Rev. Barnhill to come over and be at home in the Hamlin church, at both the services, 11:00 A. M. and 8:30 P. M. He indicated he would bring some of the boys from the camp to render special music.

After leaving his church at Clayton, Chaplain Barnhill was sent to Camp Roberts, Calif., and then to Harvard University for extensive training. In all he has had eight months in the army.

You are invited to all the services at the Baptist church, especially this Sunday. The Chaplain who will preach may be associated with your son or loved one in some corner of the world before the war is over.

Mrs. W. F. Heiter who has been the guest of Mr. and Mrs. J. O. Lewis for several weeks, returned to her home in St. Louis Tuesday. While here she was named honoree in a number of social affairs.

## THIS WEEK

A LITTLE BIT ABOUT

This

AND A LITTLE BIT OF

THAT

—What about that little piece of "War Time Tin" that must be pinned on your car numbers before April 1st? ? ? ? ? They just fit, and almost cover the 1942 on your old car numbers...but the 1943 tags cost just as much as if they were 4x8 inches...but BROTHER, don't grumble, did you know every dime of the amount you pay for your passenger car tags, remains in Jones County to be used for building and upkeeping country farm roads?

—Now we have two Four-Star Generals, and the last one is another humdinger...General Arnold, please, one of the most American any American could wish to see in any part of the service.

—Now you can plant, not only that Victory Garden but that victory field...the rain has come, maybe not as much as some would like, but let's not waste it, you see it is early and cool yet...the best part about the Victory Garden is that part can be used while fresh, and the remainder may be canned...it is as important now to save points as pennies.

—Don't you wish Dallas and Fort Worth would quit quarreling about which way the big air port administration building is to face. Fort Worth is about to get it opening out to the west, her way, and Dallas is having a monkey fit because it does not open out north, so that in disembarking, passengers can turn equally to the right or to the left. It certainly is something to fuss over.

—A lady shopper said to her grocery merchant, "Don't you see the point?" and the merchant said, "I not only have to see the point, but I must have your point." About as well have a little fun as we go along.

Besides feeding and supplying our own soldiers and war workers, America is sending vast quantities of Milk, Meat and Ammunition to our Allies all over the world.

To supply the increased demand for Meat and Milk production, stockmen need all the COTTONSEED CAKE AND MEAL—America's greatest single source of rich PROTEIN—we can produce.

By growing more Cotton this year, Cotton farmers will help to beat the Axis. Add at least one extra bale for Victory in 1943!

## REPEATING AGAIN AND AGAIN

## Vision For Victory

THE BETTER VISION INSTITUTE, comprised of the big manufacturing optical companies, are running reader advertisements in the Saturday Evening Post, Colliers, Life, American Weekly and American Magazine, reaching 20,207,102 families. Many of the leaders contend that the present war will be won on the industrial front, and America is conceded the arsenal of the world. Eye experts claim if workers were deprived of their eye glasses, the resulting confusion would be worse than Pearl Harbor. They also stress the crucial need of better eyesight to speed war production and advise eye conservation to the general public. The magazines mentioned above will print the "EYE CONSERVATION" information throughout 1943.

## "Are You Content?"

"If you are content with the present situation and with the present results in industry, in agriculture, and in our civilian life," said Secretary of War Stimson, "then I suggest that you go to one of our great Army camps and see our boys in uniform working. I suggest that you read the detailed dispatches from Tunisia and the Southwest Pacific about the fighting efforts of our soldiers. I suggest that you compare your comforts in life with theirs, and then ask yourself again—Are you content?"

Few persons in civilian life can say they have yet made any all-out war effort. Too many are still more interested in planning personal and "social gains," first.

## An Egg In London—

One egg in London is a mighty little article compared to the millions of people and the millions of other things so far greater.

But "One Egg" in London was large enough to rate a world-wide radio mention on Friday evening of March 19. "One Egg" in London means something big to the hungry body that seldom ever sees one. The radio commentator said:

"I came into possession of an EGG today, believe it or not, and don't ask me where I obtained it, for I might incriminate myself if I told." Now that was good English.

But if it had been a West Texan talking he would have said: "I got a egg today, believe me, and I don't give a dam who knows it, I stole it."

An egg in London! What a subject! How big is London? Well, if you add up ALL the people in Texas ALL the people in Oklahoma, ALL the people in Arkansas and ALL of the people in Louisiana, you have about as many as they say are in

London (maybe we have a slight variance in numbers). Now how much territory does London cover? Well, guessing again, perhaps London is about 30 miles across in one direction and perhaps 40 miles the other way. A territory about the size of Jones county, all told. Not so big is it?

It would be a safe guess to say that there are thousands of people in London who never heard a hen cackle or a rooster crow....don't even know whether eggs are laid by birds or grown on trees. Suppose there are TWELVE million people in London, then to have one egg apiece it would take just 12 million eggs, or ONE million dozen. Now one egg is a very delicious morsel of food for a hungry person, man or woman.

Now before the "Atlantic Snakes" began to roam the waters, Old London had all the eggs she wanted, nearly, and it took big freight ships, carrying thousands of tons of eggs, making several train loads, every week to supply the scrambled, the omelets, the hard-boiled, the soft-boiled, straight up, and once over eggs to fit the whims of Londoners, and many of the peace-time eggs came from America, even from Jones County and Texas.

It was an event to announce that "I Got An Egg Today."

## THE NEXT DAY IN HAMLIN:

As a contrast to what England is going through, and what this blessed inland country, far inland, far from the wings of hate, over here in West Texas, in the warm sunshine, in the boundless open where the hen and her roosters cackle and crow with freedom and delight, we could not help but compare.

Last Saturday in Hamlin, in Texas' Largest Hatchery (none have said it wasn't the largest) at that time had 600,000 eggs on incuba-

tion, bringing out 200,000 baby chicks each week, and already has delivered 700,000 chicks, that day Hamlin alone the one hatchery alone used up 200,000 eggs as a set. No telling how many were set in other Hamlin hatcheries, public and private and under hens. In Hamlin alone, with a population of only about 5 or 6 thousand counting the trade territory, eggs to set, eggs to hatch, eggs to sell, in this one small spot of America, where the cackle is so FREE.

WHY, DID YOU KNOW, that Hamlin's produce houses purchased last Saturday from the farmers in this section nearly 20,000 dozens of eggs? One house bought 330 dozen, another 2,190 dozen, another 5,440 dozen and another 7,170 dozen, and no report was gotten from the several grocery stores, and one hatchery, and it is safe to say all sources made well over 20,000 dozens.

240,000 eggs, which would give just a few of the Londoners one egg each. 20,000 dozen eggs, at say 33 cents per, and that does not represent a full week's work of the Hamlin hens. It's great to be in this land, where there's room, where the "skies are not cloudy all day," and where the song of the farmer's wife is clear and happy, as she gathers her hen's eggs, at the end of the day and there's no sound of enemy booming and crashing to destroy our way.

So the endless harvest of West Texas eggs goes on over our boundless prairies, in every nook and corner, the egg basket of the world.

Mrs. L. E. Stone and daughters visited her daughter near Lamesa last week.

## About Soldiers--Sailors

### READ A LETTER

In Alaska, Feb. 10, 1943

Dear Mr. and Mrs. Pope:  
It has been quite a while since I have written you so tonight I will write you a few lines.

I received your Christmas package yesterday and believe me, it was a pleasant surprise. I cannot express my appreciation enough. I thank you many times for your trouble in sending such a nice package. I also had a Christmas card from Mr. and Mrs. George Kinney (Miss Pope to me) and it was a beautiful card. Tell them I appreciate it immensely. I got about a dozen Heralds and I was up for two nights reading them. I surely do enjoy the editorials and About Soldiers and Sailors. I can keep track of most all of the Hamlin boys that are in the service. It seems as if most everybody is donning a uniform. I am proud that I can wear the soldier's uniform in such a time as this. I am hoping and praying that we can all be at home some time this year. I don't think anyone can say that the home front isn't waging their battle in just as glorious a way as the boys on the real front. There has to be someone behind the man behind the gun and the home front is it. If it were not for the wonderful support that we have from home folks, we would not have a third enough material nor the courage to carry on in face of death. Come H - - - or high water, with your encouragement we will win a thorough victory—nothing less.

I have a chance to go into the parachute branch and I think maybe I will try it. If I do get to go, I am going to work to make a good parachutist and when I can fly over Hamlin I will just jump out and let the plane go on its way. Ha! A Jap had better never be under my feet when I land for if he is I'm afraid he won't move again.  
Give Mr. Dodson my regards.  
I will close for now hoping to see you and good old Hamlin soon.  
Your friend,  
**J. R. ELLIOTT, Pfc.**  
— S & S —

Robert Bevels, Seaman 1-C dated a letter to the Herald March 9, and we got it March 20th. And this Seaman is on a certain ship (but we won't tell it in print) and he says, "I wish I could tell you what I'm doing and where I am, but can't say a word, which leaves me mysterious." Robert is getting the Herald and he says "Believe me I really appreciate it." OK Sailor, we know you are on a big wide ocean and nobody about Hamlin doubts what you and your good ship will do if and when a certain kind of monkey-faced, slant-eyed, snaggle tooth yellow devil Jap comes down your way. They would not believe our missionaries, with the Bible, now let's make 'em understand how a Christian fleet and army can handle guns, when we have to.

— S & S —  
Pvt. John Jenkins of Sheppard Field spent Sunday at home with his parents and wife and baby. Don't you know it is a treat for a young soldier to get to come in on a short visit with Dad and Mom, and the wife and baby? Gosh, how the baby has grown!

— S & S —  
We notice from a publicity questionnaire that Miss Eula Juanita Morgan, formerly a waitress employed at the Blue Bonnet Cafe, enrolled in the WAAC's at Lubbock recruiting station last week. Miss Morgan's father is Jimmy Morgan of Hamlin. Customers of the Blue Bonnet will remember this young lady and all will vote that she will make a good WAAC.

— S & S —  
Imagine an old "land-locked" boy like Alfred Milliorn, being out on the "snake-infested Atlantic" and coming into New York and walking up into Times Square! But that's what he says in a letter to his folks in Hamlin. It would see the waters are rough, and the lights are bright and the old Hamlin boy's heart is beating a bang. Really we got a secret but let's wait to tell it. When a sailor walks up Times Square, no telling what he's got on his mind.

— S & S —  
H. O. Cassle, Jr., a sailorboy from California, was over in Texas last week on a mission for the Navy and while in Dallas his parents met him for a short visit. H. O. came by Hamlin from Abilene, and found his parents already on their way to Dallas, so he hiked away at once. It is appropriate here to say that Arlie Cassle is somewhere on some big rolling sea, and gets word home that he is faring fine.

## Electricity helps make his "tin hat" TOUGH!

No soldier in the world today has a better, tougher helmet than our own fighting men. It's made of manganese steel—the toughest, strongest protective steel that science and industry together can produce. And it's made in electric furnaces at 3,000 degrees Fahrenheit!

By helping make steel strong, electric power makes West Texas and Uncle Sam strong, too.

One big basic reason for Uncle Sam's matchless war production is America's abundant power supply, over 90 per cent of which is supplied by electric companies like the West Texas Utilities... operating under well-balanced business management and manned by men and

women with training and experience in production problems.

This power was ready when war came because these men and women already had the "know-how" and the freedom to plan and create—the initiative to invent and improve—for everybody's benefit.

This, too, is why the average West Texas home today gets twice or three times as much electricity for its money as just ten or fifteen years ago!

It's the reason why electricity will be on the job to help rebuild a battered world—after we have won the victory and the peace.

## Guest Day Observed by Junior Literary Club

In the home of Winnie Faye Hasen, the Junior Literary Club entertained their parents and members of the Woman's Literary Club. Co-hostesses for the meeting were Billie Merle Adair, Clota Rae Jones, Bobbie Wilson, Billie Faye Rountree, and Virginia Brown. The meeting opened with prayer by Mrs. W. A. Albritton.

During the business meeting two new members were introduced. These were Mildred Smith and La Verne Hix. The War Service committee reported that 34 pounds of old silk hose had been collected. Also 14 books had been sent to the Victory Book Campaign. Each member was asked for 10c to apply on the purchase of new books for soldiers. A nominating committee was appointed to nominate officers for next year.

Joan Culbertson led the program for the evening. The program gave a bird's eye view of the Quarter-master corps in the army. Attractive program folders were given to each person present.

The following program was given Introduction, Joan Culbertson.

World's Biggest Merchandise Mart—Marie Huling.

Band Music Stirs Men to Fight—Frances Ubben.

Mynod Chevrons and Insignia—Betty Lou York.

## Junior Literary Club

On February 18, the Junior Literary club met in the home of Frances Ubben with 20 members present. Marie Huling and La Rue Kite were co-hostesses. The meeting opened by reading the club creed. During the business meeting, a letter was read which told of the club's being accepted in the State and National Federation of Women's clubs. Clara Spratlen gave a parliamentary drill.

Roll call was responded to with "Today's Books and Authors."

At the conclusion of the business meeting, Mrs. Heflin Miller, a guest of the club, reviewed "Texas, An Empire Within Itself."

Punch and cherry tarts were served.

## Mrs. Bob Williams Reviews Book For Woman's Literary Club

Mrs. Bob Williams of Rotan was guest speaker Friday afternoon for the Woman's Literary Club when she gave an interesting review of "The Human Comedy" by William Soroyan. Preceding the review she gave a short sketch of the author and discussed some of his other writings. Mrs. Williams said the book which is the story of the Macaulay family of Ithaca, California, and which tells the simple events of their day to day small town lives, reflects the early family life of the writer. She stressed the human interest of the book and the whole-some philosophy which it contains.

The meeting was held in the home of Mrs. Bowen Pope and following the program a tea hour was enjoyed. For the occasion the entertaining rooms were decorated with spring blossoms.

In the dining room club colors of white and gold were emphasized in decorations and appointments. The tea table, laid with a lace cloth over gold satin was centered with a low bowl of yellow tulips on a reflector. The same color theme was repeated on the buffet which held a large white pottery bowl filled with grapefruit and lemons, and tall yellow candles in white pottery holders.

Presiding at the silver coffee and tea services were Mrs. G. R. Bennett, president of the club, and Mrs. W. A. Albritton, a past club president. Others assisting in serving were Mrs. R. D. Moore, Mrs. Wallace Walton and Mrs. H. O. Cassle. Favors were tiny white corsages tied with yellow ribbons. Guests other than club members were Mrs. Williams and Mrs. Frank Johnson, also of Rotan.

## "Making America The Arsenal Of Spiritual Democracy" By Fuller

Dr. Ellis A. Fuller

Bringing to a close three months of The Baptist Hour radio series, Dr. Ellis A. Fuller, Louisville, Ky., will speak Sunday morning, March 28th, according to Dr. S. F. Lowe, Atlanta, Ga., chairman of the Southern Baptist Radio Committee sponsoring the series.

Dr. Fuller, who is president of the Southern Baptist Seminary, and former president of the Southern Baptist Home Mission Board, and of the Georgia Baptist Convention, will have as his subject, "Making America the Arsenal of Spiritual Democracy." This is the closing message of the present announced series on the general theme, "American Christians Amid World Crises."

The programs can be heard in Texas over Stations WFAA of Dallas; KPRC of Houston and KFRO of Longview.

Many of the stations on the present network will continue The Baptist Hour series for April, May and June, carrying messages by Dr. George W. Truett, noted preacher of Dallas, Texas.

## "Strike up the Band" By Junior Class

Hey, Lookee, People! Gather around the High school auditorium and help the Juniors "Strike up the Band" on Friday, April 2nd, at 8 o'clock.

The Junior class is presenting its annual play under the direction of Mrs. Heflin Miller. This play is a comedy in three acts, and will guarantee you plenty of laughs. Gram and Gramp are screams. You just must see them! Also we have soldiers and sailors with us, and we mean that they are the real thing, too. An Irish maid and her soldier lover add to the hilarity of the whole play. Of course, it wouldn't be complete without some high school romance—Dodo and Honey fill the bill, and a dignified mother is shocked and surprised at the problems her four daughters offer. And Gram has a bold idea of asking her friend the commanding officer at the camp, to send over a bunch of boys to cure her girls of "boy crazy". Here's where the fun runs rampant, ending with a startling surprise. You just can't miss it. Put "Strike up the Band" on your "must see" list, and come to the High school auditorium on April 2nd at 8:00 P. M.

## Take Care of your WATER HEATER

Drain the sediment from your water heater tank about once a month.

Don't set the thermostat too high; not over 150 degrees. (This is best for the plumbing, too.)

★★★

Modern gas water heaters are practically fool-proof, and many of you have models with tanks of solid Monel, factory-guaranteed for 10 years against corrosion. But they do need simple care; and new ones are mighty scarce till we win this war.

## Sabotage in your Garage — Arrest ACID!

THE ENEMY's forced you to rationing. Now he'd make your engine the victim of vicious acid. The mere stopping of your engine always leaves it stuffed with vile fumes and dilute acids—the ever-present products of combustion. And there they stay.

Formerly these sources of corrosion were kept mostly cleared out, because you drove frequently and fast. But now in saving coupons and tires you may not soon use your car again, and you don't make those long speedy runs that maintained normal engine heat a good while, to help drive acids off. That's why harmful leftovers in the cylinders nowadays are serious. But you can combat their dirty work by keeping your engine internally OIL-PLATED.

How? Just change to Conoco N<sup>th</sup> motor oil this Spring. It's made under

U. S. Patent No. 1,944,941, covering an added modern synthetic in Conoco N<sup>th</sup>, whose proved purpose is to give inner engine parts their preservative layer of OIL-PLATING. And like the more familiar platings that arrest the attacks of mere water, this OIL-PLATING powerfully tends to arrest acid action... inner corrosion of precious parts that often can't be promptly replaced today. Yet you pay only an everyday price for Conoco N<sup>th</sup>. Change for Spring at Your Mileage Merchant's Conoco station. Continental Oil Co.

The McCauley Boy Scouts meet each Monday night in the pasture of L. H. Boyd. Ye old scribe met with the boys last Monday night for the first time, but we hope it won't be the last time. And we did enjoy those good eats prepared by the Scouts and got a great kick out of their games.

Mr. and Mrs. L. H. Boyd went to Graham last Sunday where they met their daughter, Miss Velma Lou and all enjoyed a good day with friends in that city.

Mrs. Jack Johnson has just come in and reports the death of Mr. J. W. Mahaffey who died on March 22 at the home of Mr. and Mrs. Tom Mahaffey in the Royston community. Funeral services will be held at the McCauley Baptist church, March 23. Sorry we do not have further details.

Over three hundred dollars have come in for the McCauley Red Cross and our quota was \$200.00. The fine spirit shown by our citizens proves that McCauley is going all the way in the war effort.

O-O-O

COMMENT NO. 1. Why would any one be so inhuman as to poison the friend of man, his dog? Here of late somebody who must delight in seeing poor dumb animals suffer, has poisoned dogs in McCauley, right in the dogs' own back yards. We agree that there are some few stray dogs that need to be destroyed—but should be destroyed by gun fire and not by the cruel method of poisoning. A person who would drive by your house in the wee hours of the night and throw out poison to your pet dog is about the most no-good varmint on earth, and in our opinion, lower than the reptile that crawls on his belly and eats the dust from man's feet. Mrs. J. M. Humphries and Mrs. Bill Keane have recently lost their fine Collies by some fiend, and we imagine they will agree with our comment.

COMMENT NO. 2. From radio reports, the appointment of Jimmie Allred as Judge of the Civil Appeals Court has been blocked. Not that Jimmie wasn't qualified, but all because a few disgruntled Senators who dislike the New Deal have taken this method of punching below the belt our President. One Senator who beat Jimmie by a nose had a lot to say about the appointment and he may well be remembered by the people in the future and it could be possible that he will get a punch below and above the belt the next time he seeks office.
